

About PACTIV

Nature's beauty, crafted for your outdoors.

PACTIV is New Zealand owned & operated. We are proud of inspiring people to tie up with all the possibilities to enjoy their outdoor life. We offers a versatile range of products including pedestals, comprehensive fencing and decking, meticulously designed to elevate your outdoor spaces with precision, durability, and style.

PACTIV Composite Fencing

Offer superior advantages over wood:

Resists rot, warping, and splintering.

Eliminates the need for seasonal painting, sealing, or staining.

Retains colour and resists staining.

Remains impervious to termite damage.

Pactiv Fencing

Wood Fencing

The natural beauty of wood that won't warp, rot or fade.

PACTIV Composite Fencing

Eternal charm, minimal upkeep.

When you weigh the advantages of PACTIV composite fencing, wood fences seem like high-maintenance chores. PACTIV composite fencing offers unparalleled durability, aesthetics, and minimal upkeep. With consistent quality, lasting performance, and cost-effective options, it outshines traditional wood.

Built to Last

PACTIV fencing is supported by a 10-year Residential Limited Warranty, ensuring its longevity against the elements. PACTIV doesn't rot, peel, or splinter and requires no painting or staining.

Unique Design

PACTIV Fencing ensures complete privacy with interlocking pickets, offering a consistent and attractive appearance from both sides. It comes in six natural colours and features a well-framed design at the top and bottom.

Eco-Friendly

We make eco-friendly composite fencing from 95% recycled biomass composite materials that includes wood and bamboo sawdust, straw and plastics.

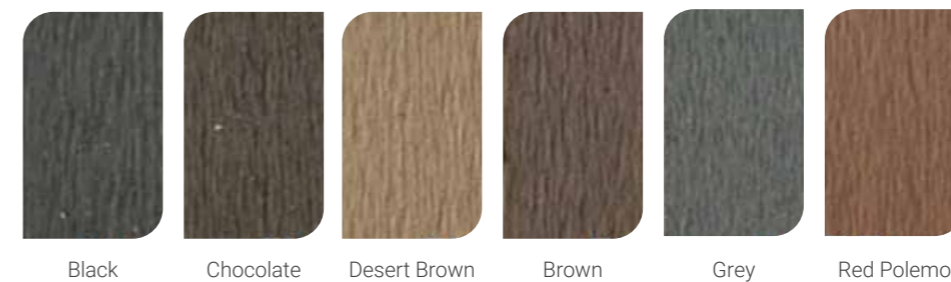

Choose the style and colour that suits your lifestyle

PACTIV fencing comes with diverse, luxurious colours of choice, all of which provide the fade-less and stain-less colour you'll enjoy for decades. So fall in love with one wisely.
